### Notice to Septic Owners: Mandatory Re-Inspections for Lake Simcoe Regulated Properties

If you have a septic system on a property that is located within 100 metres of a river, stream, lake or pond in the Lake Simcoe watershed, you will have received a letter from the Township notifying you of mandatory septic inspections.

Current mapping does not indicate exactly where septic systems are located. If you feel your septic system is not within the 100 metre watercourse boundary, please contact the Township of Uxbridge Building Services Department to determine if your septic system should be removed from the inspection list. A property cannot be removed from the list without approval from the Chief Building Officer, and it is up to the property owner to contact the Township about this option.

For more information please contact Building Services at the Township of Uxbridge at 905-852-9181 or visit in person at 51 Toronto St. S between the hours of 8:30 and 4:30 on weekdays.
