

Annex I

UDRAC Members, Resources and Volunteers

The Uxbridge Downtown Revitalization Advisory Committee (UDRAC) was established to serve as a non-voting, advisory body that provided advice to the Council and Township of Uxbridge staff as it relates to the UDRP, most notable the development of the Strategic Plan, the Action Plan and the Implementation Stage.

The committee met on a monthly basis over the project life cycle, providing input into the strategic direction, the project plan, the early wins, the data collection and analysis and ultimately the final report. Due to COVID 19 restrictions, all the committee meetings took place virtually through TEAMS.

Key resources from the Township, Region of Durham, Lake Simcoe Regional Conservation Authority (LSRCA) and Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA) attended the meetings, as well as several working groups to help the committee identify early wins and long-term attainable goals.

Finally, a small group of community volunteers played an important role in the collection of data during the Customer Origin Surveys that took place in September 2021.

Without the involvement of all the individuals named below, we would not have achieved the results noted in this report.

Judith Risebrough, PMP
Project Manager, UDRP
