

Uxbridge Downtown Flood Reduction Municipal Class Environmental Assessment NOTICE OF FILING OF ADDENDUM

PUBLIC WORKS DEPARTMENT

PUBLIC NOTICE

Issued: October 1, 2015

The Township of Uxbridge completed a *Municipal Class Environmental Assessment (EA)* to evaluate alternative solutions and design concepts for reducing flood risk in the downtown Uxbridge area, including options for replacing a deteriorated section of culvert conveying Uxbridge Brook underneath Brock Street (see figure). The Recommended Concept included replacing the old culvert with new, larger twin culverts, as detailed in an *'Environmental Study Report (2012)'*.

The Township is now proposing to modify the Recommended Concept and has detailed the nature, rationale and implications of the proposed changes in an *'Addendum to the Environmental Study Report (2015)'*. These changes include eliminating a proposed 60 meter section of open channel north of Brock Street by extending the replacement twin culverts along the full length of the existing culvert alignment.

The *Addendum* is available for a 30-day public review period between **October 8** and **November 8, 2015** online at: www.town.uxbridge.on.ca/public_works and the following locations:

- **Clerk's Office**, Township of Uxbridge, 51 Toronto St. South, Uxbridge, L9P 1T1 (+1-905-852-9181)
- **Uxbridge Public Library**, 9 Toronto St. South, Uxbridge, L9P 1T1 (+1-905-852-9747)

If you have any comments, then please provide them by **November 8, 2015** to:

- **Ben Kester**, C.E.T., Director of Public Works, Township of Uxbridge, 51 Toronto St. South, Uxbridge, L9P 1T1 (905-852-9181 ext. 215 / bkester@town.uxbridge.on.ca)

Only the proposed *changes* to the Recommended Concept are open for review. If concerns regarding the proposed changes cannot be resolved in direct discussion with the Township, a person or party may request that the Minister of Environment and Climate Change (Minister) make an order for the project to comply with Part II of the *Environmental Assessment Act (1990)*. Such a *'Part II Order Request'* must be received by the Minister, at the address listed below and copied to the Township on or before **November 8, 2015**.

- **Minister of Environment and Climate Change**, Environmental Assessment and Approvals Branch, 135 St. Clair Avenue West, 12th Floor, Toronto, ON M4V 1P5

If no such request is made and subject to comments received as a result of this notice, the Township intends to seek the necessary permits and approvals and implement the revised Recommended Concept.

Under the Freedom of Information and Protection of Privacy Act and the Environmental Assessment Act, unless otherwise stated in the submission, any personal information such as name, address, telephone number and property location included in a submission will become part of the public record files for this project and will be released, if requested, to any person
